Meeting Support

At SENDIASS, we attend meetings on a case-by-case basis. Our attendance is dependent on our capacity at the time of the request, receiving sufficient notice, and considering whether our involvement would be helpful in supporting the family alongside contributing positively to the discussion.

The 4 Levels of Support at Southampton SENDIASS

Level 1 - Online Resources

Our factsheets, webinars, and information pages are available on our website and Facebook page. These may answer your question without the need to contact our team.

Level 2 - Information Support

You can contact SENDIASS by telephone, email or our online enquiry form. When you get in touch, we will ask for some basic details and information about your enquiry so that we can identify the most appropriate support.

Please let us know if you have any additional support needs so that we can make our service accessible to you.

We may send you information, resources or guidance to review. Often, these will answer your questions or signpost you to the right service. If you need further support, we ask that you read any information provided before progressing to Level 3 support. This helps ensure that discussions can focus on any remaining questions and make the best use of appointment time. If the resources have not been reviewed, the Triage Officer may need to reschedule your appointment.

Level 3 - Personalised Support

Our Triage team provides information, advice and support on all areas of SEND. They can:

- ▶ Listen to your concerns and help you understand information/ how it applies to your situation.
- ▶ Provide guidance, resources and more detailed information about SEND processes, paperwork, policies, local practice, your options and your legal rights.
 - ▶ Signpost you to other relevant organisations, services or local authority departments.
 - ▶ Refer your case to a SENDIASS Adviser where further support is needed.

You can contact the Triage team as often as needed by telephone or email. We aim to respond to new enquiries within 7 working days, although this may take longer during busy periods.

Responses may be provided by telephone or email.

Level 4 - Advisor Support

SENDIASS Advisors provide one-to-one support for:

- ▶ Complex situations that require more in-depth advice and support.
- ▶ Young people aged 0–25 who are accessing the service independently.
- ▶ Parents, carers or young people who have additional support needs that make it difficult for them to advocate for themselves or their child.

If your case is allocated to an Advisor, you will be assigned a named member of staff who will support you throughout that enquiry. If you contact us again in the future with a different issue, you may be allocated a different Advisor.

Support from SENDIASS will end when one or more of the following is met:

Your desired outcomes have been achieved, you feel able to move forward independently, or we have provided all available support within our remit. Where appropriate, we will signpost you to relevant services. **You are welcome to contact SENDIASS again if you need support in the future.**
